

Alberta Summer Games Zone Team Selection Criteria

To support a fair and consistent process, there will be **No Selection Meet** for Alberta Summer Games. Athletes are responsible for submitting their own verifiable results. All submitted performances must meet the following standards to be considered.

1. Eligibility of Results:

- a. Results must come from an organized competition – school meets will be considered.
- b. Results must be publicly verifiable (meet database, official results sheet, or governing-body approved platform).
- c. Results must be achieved outdoors between March 13 and May 31, 2026

2. Ranking of Results:

- a. **Fully Automatic Timing (FAT)**
 - i. FAT results will always be ranked ahead of hand-timed results.
 - ii. FAT results must include wind readings in applicable events
- b. **Strong Hand Time (with electronic timing conversion)**
 - i. Hand times must be taken by an official timer using a recognized method.
 - ii. Standard conversion factors will be applied before ranking.
 - iii. Converted hand times will only be considered after all FAT results.
- c. **No Valid Results Submitted**
 - i. Athletes who do not submit a verifiable result may still be considered at the discretion of each zone selection committee and pending the availability of unfilled team spaces.

****Field event results from sanctioned events may be considered ahead of school meets due to the presence of accredited officials****

3. Final Authority

- a. The zone selection committee reserves the right to verify all submitted results and may request additional documentation if required.
- b. The zone selection committee has final choice in team selection
